## 5年累计开行超2.6万列 中欧班列（成渝）推动形成4个万亿产业集群 China Railway Express (Chengdu-Chongqing) Drives the Formation of Four Trillion-Yuan Industrial Clusters

1月5日 January 5

● 中欧班列（成渝）是成渝两地在全国首创的跨省域中欧班列品牌。目前开行线路通达全球超百个城市，成为全国开行量最多、开行最均衡、货源结构最优、区域合作最广泛、运输最稳定的中欧班列

● 截至2025年底，累计吸引重大产业化项目超200个，推动成渝地区形成4个万亿产业集群

● 今年成渝两地将持续拓展中欧班列（成渝）南通道，推动境外资源共建共享

1月5日，一列满载液晶电视机组件等货物的中欧班列（成渝）从成都国际铁路港缓缓驶出，预计10余天后抵达目的地波兰罗兹。“新年以来，中欧班列（成渝）保持高效运行，1月1日至4日，仅成都一地就已开行34列。”成都国际铁路港经济技术开发区管委会相关负责人说。

中欧班列（成渝）是成渝两地在全国首创的跨省域中欧班列品牌，于2021年1月1日在两地同时发出第一趟班列。共建品牌5年来，中欧班列（成渝）已开行超2.6万列，开行规模保持全国领先，开行线路通达全球超百个城市，成为全国开行量最多、开行最均衡、货源结构最优、区域合作最广泛、运输最稳定的中欧班列。

通道促贸易，贸易聚产业。成渝两地以中欧班列（成渝）为核心打造国际物流大通道，共建开放市场，助力协同发展——成都TCL的智能家电、重庆长安汽车的新能源整车等临港制造以及国际供应链企业，通过这条黄金通道“出海”；全球的汽车零部件、精密设备、农产品也通过中欧班列（成渝）进入成渝市场，形成“进出口—加工制造—再出口”的闭环产业链。

截至2025年底，中欧班列（成渝）累计吸引重大产业化

项目超200个，推动成渝地区形成电子信息、汽车制造、装备制造、新材料4个万亿产业集群。其中，70%的“四川造”电子信息产品通过中欧班列（成渝）出口；重庆长安汽车、赛力斯等企业通过中欧班列（成渝）实现零部件进口和整车出口，带动电池、电机等配套企业落户成渝地区。

成都国际铁路港投资发展有限公司相关负责人表示，成渝两地正持续放大“中欧班列+”效应，全力打造医药、冷链、邮件等特色班列。前不久，中欧班列（成渝）冷链集散中心成立，将为西南地区高附加值生鲜、医药产品进出口提供更高效的专属通道。“今年将继续深化‘蓉欧速达’‘澜湄蓉欧’‘越桂蓉欧’等精品线路，尤其是在鲜果、冻肉、生物医药等特色冷链班列、邮政班列、跨境电商班列上持续发力，打造‘班列+产业’产品体系。”

成都市口岸与物流办公室相关负责人表示，今年成渝两地将持续拓展中欧班列（成渝）南通道，共同推动境外资源共建共享，为两地外向型企业做好运输服务保障，带动两地经贸发展，助力产业集群高质量发展。

On January 5, a China Railway Express (Chengdu-Chongqing) freight train, fully loaded with goods including

LCD television components, departed smoothly from the Chengdu International Railway Port. It is expected to arrive at its destination, Łódź in Poland, in just over ten days. "Since the start of the new year, the China Railway Express (Chengdu-Chongqing) has maintained highly efficient operations. From January 1 to 4, Chengdu alone has already dispatched 34 trains," said a relevant official from the Administrative Committee of the Chengdu International Railway Port Economic and Technological Development Zone.

The China Railway Express (Chengdu-Chongqing) is the country's first cross-provincial China Railway Express brand, jointly launched by Chengdu and Chongqing. Its first trains departed simultaneously from both cities on January 1, 2021. Over the five years since the co-established brand's launch, China Railway Express (Chengdu-Chongqing) has operated more than 26,000 trains, maintaining a leading position nationwide in terms of operational scale. Its network now connects over 100 cities worldwide, ranking it as the country's top-performing China Railway Express service with the highest volume, most balanced operations, optimal cargo structure, broadest regional cooperation, and most stable transportation.

Connectivity boosts trade, and trade clusters industries. Taking the China Railway Express (Chengdu-Chongqing) as the core, the Chengdu-Chongqing region is building an international logistics corridor, jointly fostering an open market, and promoting coordinated development. Port-based manufacturing products such as TCL's smart home appliances from Chengdu and CHANGAN Automobile's new-energy vehicles from Chongqing, as well as international supply chain enterprises, are using this golden artery to go global. Meanwhile, global automotive parts, precision equipment, and agricultural products flow into the Chengdu-Chongqing market via the same rail link. Together, they form a closed-loop industrial chain of "import-export, processing-manufacturing, re-export".

By the end of 2025, the China Railway Express (Chengdu-Chongqing) had attracted over 200 major industrial projects, driving the Chengdu-Chongqing region

to form four trillion-yuan industrial clusters in electronics and information technology, automobile manufacturing, equipment manufacturing, and new materials. Among these, 70 percent of "Made in Sichuan" electronic and information technology products are exported via the China Railway Express (Chengdu-Chongqing). Companies such as Chongqing-based CHANGAN Automobile and SERES utilize the railway for both importing components and exporting complete vehicles, which has in turn attracted supporting enterprises in batteries, motors, and related sectors to establish operations in the Chengdu-Chongqing region.

A relevant official from the Chengdu International Railway Port Investment Development (Group) Co., Ltd. stated that Chengdu and Chongqing are continuously amplifying the "China Railway Express plus" effect, making every effort to develop specialized freight services in pharmaceuticals, cold chain logistics, and mail transport, among other fields. Recently, the China Railway Express (Chengdu-Chongqing) Cold Chain Distribution Center was established, which will provide a more efficient dedicated channel for the import and export of high-value-added fresh produce and pharmaceutical products in southwest China. "This year, we will continue to deepen premium routes such as Chengdu-Europe Express, Lancang-Mekong-Chengdu-Europe Express, and Viet Nam-Guangxi-Chengdu-Europe, with a particular focus on expanding specialized cold-chain services for fresh fruits, frozen meats, biopharmaceuticals, as well as postal and cross-border e-commerce freight trains, to build a 'Rail Freight + Industry' product ecosystem."

A relevant official from the Chengdu Municipal Port and Logistics Office stated that this year, Chengdu and Chongqing will continue to expand the southern corridor of the China Railway Express (Chengdu-Chongqing), jointly promote the co-development and sharing of overseas resources, provide robust transportation services for export-oriented enterprises in both regions, drive economic and trade growth of the two places, and support the high-quality development of industrial clusters.

## 13个国家驻川、渝领事机构官员组团打卡自贡灯会 以灯为媒 在流光溢彩中感受多彩四川

### Officials from Consular Institutions of 13 Countries in Sichuan and Chongqing Visit Zigong Lantern Festival in a Group

1月23日 January 23

1月23日晚，第32届自贡国际恐龙灯会亮灯暨全省迎春文旅促消费活动在自贡中华彩灯大世界启幕。奥地利、澳大利亚、巴西、西班牙、越南、德国、法国、匈牙利、巴基斯坦、韩国、缅甸、土耳其、智利等13个国家驻川、渝领事机构官员组团而来，在流光溢彩中感受四川的文化魅力与开放活力。

夜幕降临，35米高的“华结映门”灯组率先点亮，正背面视觉统一的中国结造型宛如时空之门，拉开灯会序幕。随后，11组超大型灯组与200余组中小型非遗彩灯次第绽放。面对着拥有鲲鹏之姿的“神奇华夏”，将马年意象与家国情怀巧妙融合的“木兰传奇”，以及将AI交互融入设计的“年年招财”等灯组时，各领事官员不时驻足拍摄、啧啧称赞。不少领事官员是第一次观赏自贡彩灯，“绝美”“震撼”成为他们口中最高频的形容词。

“太棒了！太棒了！”第一次观赏自贡灯会的西班牙驻成都总领事白洁路，面对着绚烂夺目的彩灯，连用两个“太棒了”表达激动之情。一路上他和妻子与游客热情互动，分享他们的观灯感受，表示“真希望在西班牙也有这样的灯会和庆祝活动”。同样是第一次到自贡看灯会的越南驻重庆总领事裴原龙也感叹：“来之前就听说自贡灯会非常漂亮，今天到现场仍然被震撼到了。如果不是亲眼所见，真的很难想象有如此宏伟、壮观的彩灯。”

与白洁路和裴原龙不同，奥地利驻成都总领事雷君山和匈牙利驻重庆总领事馆副馆长高道马则是自贡灯会的“老朋友”。

当被问到今年灯会与往年有何不同时，两人不约而同地表示，每年灯会都有很多创新元素，今年灯会中的“机器人跳舞”“无人机表演”等让他们觉得非常新颖。生肖属马的雷君山还风趣地说：“今年灯会中有很多与马相关的元素，这让我印象尤其深刻，因为我就是一匹‘马’，逛完灯会我感觉我的年就到了。”

“四川已连续多年邀请各国领事机构官员赴自贡观赏彩灯。”省外事办相关负责人表示，希望通过彩灯艺术向国际友人直观展现四川魅力与发展活力，传递四川开放姿态，深化中外民心相通，进一步推动文旅等领域国际合作。

“我想，像今天这样的彩灯艺术足以吸引全世界的目光。”雷君山说，推动四川传统文化与世界各国文化交流互鉴，彩灯是一个很好的载体，希望有更多围绕彩灯的交流互动，通过绚烂光影让更多人知道四川、了解四川、走进四川。

近年来，自贡灯会已在80多个国家和地区展示。除此之外，四川积极“引客入川”，不断优化入境游便利体验，复航、新开、加密国际热门客运航线，推广“空铁联运”等便捷购票方式，优化旅客通关体验。同时，提升外币外卡便捷支付水平，出台提升外籍人士在川消费支付便利度“6条措施”等专项支持政策，成都成为中西部首个实现公共交通全面支持境内外银行卡直接支付的城市。

On the evening of January 23, the 32nd Zigong International Dinosaur Lantern Festival illumination

ceremony and the province-wide Spring Festival cultural-tourism consumption promotion event were launched at the Zigong · Chinese Lantern World. Officials from the consular institutions in Sichuan and Chongqing of 13 countries— Austria, Australia, Brazil, Spain, Viet Nam, Germany, France, Hungary, Pakistan, South Korea, Myanmar, Tü rkiye and Chile— visited the festival in an organized group. Amidst the radiant and colorful spectacle, they experienced Sichuan's cultural appeal and open, dynamic vitality.

As night fell, the 35-meter-high "Magnificent Knot Illuminates the Gateway" lantern set was the first to be lit. Its Chinese knot design, visually consistent from both the front and back, resembled a portal through time and space, heralding the commencement of the lantern festival. Following this, 11 sets of mega-sized lantern displays and over 200 sets of medium and small-sized intangible cultural heritage lanterns gradually illuminated the scene. Faced with lantern sets such as the "Marvelous China", which embodies the majestic form of the mythical Kunpeng, the "Legend of Mulan", which artfully merges the imagery of the Year of the Horse with sentiments of home and country, and the "Yearly Wealth Beckons", which integrates AI interaction into its design, the consular officials frequently paused to take photographs and expressed their admiration. For many of the consular officials, it was their first time viewing Zigong's lantern displays, with words like "absolutely stunning" and "breathtaking" becoming their most frequent descriptors.

"Fantastic! Absolutely fantastic!" exclaimed Cándido Creis Estrada, Consul General of Spain in Chengdu, who was experiencing the Zigong Lantern Festival for the first time. Gazing at the dazzlingly brilliant lanterns, he expressed his excitement by emphatically repeating "fantastic!" twice. Throughout the visit, he and his wife warmly interacted with other visitors, sharing their impressions of the lanterns. He expressed a wish, stating, "I truly hope Spain could also host such a lantern festival and celebration." Bui Nguyen Long, Consul General of Viet Nam in Chongqing, who was also visiting the Zigong Lantern

Festival for the first time, remarked with similar admiration, "I had heard before coming that the Zigong Lantern Festival is exceptionally beautiful, yet being here in person today, I am still utterly amazed. If I hadn't seen it with my own eyes, it would truly be hard to imagine lanterns of such magnificence and grandeur."

Unlike Cándido Creis Estrada and Bui Nguyen Long, Günther Lazelsberger, Consul General of Austria in Chengdu, and Kürti Tamás Dániel, Deputy Head of Consular Mission of Hungary in Chongqing, are old friends of the Zigong Lantern Festival. When asked about the differences between this year's lantern festival and those of previous years, both individuals stated coincidentally that each year's festival incorporates many innovative elements. They found this year's additions, such as the robot dance and the drone performance, particularly novel and impressive. Günther Lazelsberger, who was born in the Year of the Horse, also humorously remarked: "There are many horse-related elements in this year's lantern festival, which left a particularly deep impression on me because my Chinese zodiac sign is a 'horse'. After touring the festival, I feel as if my own New Year has arrived."

"Sichuan has invited consular officials from various countries to visit Zigong and view the lanterns for multiple consecutive years," stated a relevant official from the Foreign Affairs Office of Sichuan Province. The province aims to leverage this lantern art to vividly present Sichuan's appeal and developmental vitality to international friends, convey its open stance, foster deeper people-to-people bonds between China and other nations, and further promote international cooperation in areas such as culture and tourism, the official noted.

"I believe that lantern art, like what we witnessed today, is compelling enough to capture the attention of the entire world," Günther Lazelsberger remarked. He noted that lanterns serve as an excellent medium for promoting cultural exchange and mutual appreciation between Sichuan's traditional culture and those of other nations worldwide. He expressed a hope for more exchange activities centered around lanterns, using their radiant

splendor to encourage more people to discover, understand, and visit Sichuan.

In recent years, the Zigong Lantern Festival has been showcased in over 80 countries and regions. In addition, Sichuan has actively worked to attract visitors to Sichuan, continuously enhancing the convenience of inbound travel. This includes resuming, launching new, and increasing frequencies on popular international passenger air routes, promoting convenient ticketing methods such as "air-rail intermodality", and optimizing the customs clearance

experience for travelers. Concurrently, Sichuan has enhanced the convenience of foreign currency and international card payments, introducing specialized support policies such as the six measures to improve payment convenience for foreign nationals in Sichuan. Chengdu has become the first city in central and western China to fully support direct payment using both domestic and international bank cards across its entire public transportation system.

# 自贡

2月26日 February 26  
王晓晖会见泰国正大集团资深董事长谢国民  
Wang Xiaohui Meets with Senior Chairman of CP Group Dhanin Chearavanont

2月26日，省委书记、省人大常委会主任王晓晖在成都会见泰国正大集团资深董事长、中国侨商联合会会长谢国民一行。

会见中，王晓晖代表省委、省政府对谢国民一行表示欢迎，并简要介绍了四川经济社会发展情况。他说，正大集团是华商企业的杰出代表，也是改革开放后首家来川投资的外资企业，参与并见证了治蜀兴川事业的蓬勃发展。当前，我们正深入贯彻落实习近平总书记对四川工作系列重要指示精神和党中央决策部署，切实扛牢经济大省挑大梁重任，坚定不移推动高质量发展，奋力谱写中国式现代化四川新篇章，这也为包括正大集团在内的海内外企业在川发展带来新的机遇。希望正大集团进一步加大在川投资布局力度，加快推进重点项目落地实施，深化农业全产业链合作，拓展生物医药、汽车制造等领域投资合作，实现更大互利共赢。希望谢国民先生充分发挥在侨界的广泛影响力号召力，引领带动更多侨商侨企关注四川、投资四川。我们将一如既往为大家在川发展创造良好环境、提供便捷服务。

谢国民对四川经济社会发展取得的成就表示赞赏，看好四川未来发展前景，愿推动正大集团继续深耕四川，深化各领域互利合作，同时积极牵线搭桥，引荐更多侨商侨企来川投资兴业、共享发展良机。

省领导普布顿珠、田庆盈，正大集团资深副董事长谢毅，省直有关部门负责同志参加。

On February 26, Wang Xiaohui, Secretary of the CPC Sichuan Provincial Committee and Chairman of the Standing Committee of Sichuan Provincial People's Congress, met in Chengdu with Dhanin Chearavanont, Senior Chairman of Charoen Pokphand Group (CP Group) in Thailand and President of China Federation of Overseas Chinese Entrepreneurs, and his delegation.

During the meeting, Wang Xiaohui, on behalf of the CPC Sichuan Provincial Committee and the People's Government of Sichuan Province, extended a welcome to Dhanin Chearavanont and his delegation and briefly introduced the province's economic and social development. He noted that CP Group is an outstanding representative of overseas Chinese enterprises and was also the first foreign-funded enterprise to invest in Sichuan after the reform and opening up, having participated in and witnessed the vigorous development of Sichuan's

governance cause. He emphasized that Sichuan is currently deeply implementing the series of important instructions from General Secretary Xi Jinping on Sichuan's work and the decisions and plans of the Party Central Committee, earnestly shouldering the significant responsibility of being a major economic province, unwaveringly promoting high-quality development, and striving to write a new chapter of Sichuan in advancing Chinese modernization. This, he added, will bring new opportunities for enterprises at home and abroad, including CP Group, to grow and thrive in the province. It is hoped that CP Group will further increase its investment and strategic layout in Sichuan, accelerate the implementation of key projects, deepen cooperation across the entire agricultural industrial chain, and expand investment collaboration in fields such as biomedicine and automobile manufacturing, thus achieving greater mutual benefit and win-win outcomes. It is hoped that Mr. Dhanin Chearavanont will leverage his extensive influence and leadership in the overseas Chinese community to guide and encourage more overseas Chinese

entrepreneurs and enterprises to focus on and invest in Sichuan. We will, as always, create a favorable environment and provide convenient services for all to develop in Sichuan.

Dhanin Chearavanont expressed appreciation for Sichuan's achievements in economic and social development, expressed optimism about its future prospects, and expressed willingness to deepen CP Group's presence in Sichuan, strengthen mutually beneficial cooperation across various fields, and actively act as a bridge to attract more overseas Chinese entrepreneurs and enterprises to invest and thrive in the province and share in its development opportunities.

Provincial leaders Pubu Dunzhu and Tian Qingying, Senior Vice Chairman of CP Group Xie Yi, and heads of relevant provincial departments were present at the meeting.

Hosted by: General Office of the People's Government of Sichuan Province

## 成都今年将孵化科创企业超30家 Chengdu to Incubate over 30 Sci-Tech Innovation Enterprises This Year

3月11日 March 11

### ► 总体目标 ◀

- 全社会研发经费投入增长8%以上
- 净增国家高新技术企业300家
- 入库科技型中小企业达1.2万家

近日，成都召开2026年全市科技工作会议，对今年的重点工作进行部署，包括全力服务国家重大科技力量布局、推进科技创新和产业创新深度融合、加快科技成果高效转化应用、持续完善城市创新生态四方面。

据悉，此次会议将“全力服务国家重大科技力量布局”置于工作部署首位，要求全市科技战线把承接和服务国家战略作为首要任务，加快打造战略科技力量重要承载地。在这一方面，成都今年将全力保障国家实验室高质量建设运行，推动国省在蓉布局更多重大科技基础设施，编制《“十五五”西部科技创新中心发展规划》。成都市科技局负责人表示，将推动“中科系”“中核系”等“国家队”科技成果在蓉“沿途下蛋、就地孵化”，落地实验室成果产业化项目50项以上，孵化科创企业超30家。

在推进科技创新和产业创新深度融合方面，“产业出题、科技答题”成为会场高频词。2026年，成都将聚焦人工智能、脑机接口等重点产业，以“揭榜挂帅”等方式支持企业攻关关键技术100项以上，对国家重点研发项目承担企业给予配套支持；支持企业联合高校院所共建产学研联合实验室20家以上；以财政后补贴方式支持企业购买转化高校院所技术成果300项以上，选聘100名高校教授到产业链企业担任“科技副总”。

在加快科技成果高效转化应用方面，成都将深入实施“科创天府·智汇蓉城”科技成果对接转化活动，按照“一月一主题”常态化开展产业链对接活动300场以上，促成产学研

合作项目超400个。做强“线上科创通+线下科创岛”创新转化服务体系，深化“双向揭榜挂帅”机制，全年推动落地揭榜项目50个以上。新建中试平台25家，深化与清华大学等23家高校院所战略合作，组建13个产业链成果转化专班，服务转化成果项目500个以上。

在持续完善城市创新生态方面，成都将制定《技术要素市场化配置改革行动方案》，深入推进职务科技成果单列管理、先使用后付费等重点改革，修订成都市科技进步条例。创新财政资金使用方式，出台“先投后股”工作方案及实施细则。加快建设成渝地区“一带一路”国际技术转移中心。加强成渝双核科技创新联动，聚焦智能网联汽车、电子信息等领域实施成渝联合攻关30项以上。

Chengdu recently convened its 2026 Municipal Science and Technology Work Conference, outlining key priorities for the year across four major areas: fully supporting the layout of the country's major scientific and technological forces, promoting deep integration between scientific and technological innovation and industrial innovation, accelerating the efficient transformation and application of scientific and technological achievements, and continuously improving the city's innovation ecosystem.

It is learned that the conference placed "fully supporting the layout of the country's major scientific and technological forces" at the top of its work agenda,

requiring the city's scientific and technological front to prioritize undertaking and serving national strategies and move faster to develop a key recipient of strategic scientific and technological forces. In this regard, Chengdu will make every effort this year to ensure the high-quality construction and operation of national laboratories, promote the establishment of more major scientific and technological infrastructure at the national and provincial levels in the city, and formulate the 15th Five-Year Plan for the Development of the Western Science and Technology Innovation Center. A leading official from the Chengdu Municipal Bureau of Science and Technology stated that efforts will be made to promote the "spin-off and local incubation" of scientific and technological achievements from national-level research teams, such as CAS-affiliated entities and CNNC-affiliated entities, during the R&D process. The goal is to implement over 50 laboratory-to-industry projects and incubate more than 30 sci-tech innovation enterprises in the city.

In terms of promoting the deep integration between scientific and technological innovation and industrial innovation, "industry poses the questions, and technology provides the answers" emerged as a high-frequency phrase at the conference. In 2026, Chengdu will focus on key industries such as artificial intelligence and brain-computer interfaces, support enterprises in tackling over 100 key technologies through means like the "calling for best candidates" open competition mechanism, and provide matching support for enterprises undertaking national key R&D programs. It will support the establishment of over 20 industry-academia-research joint laboratories co-built by enterprises with universities and research institutes. The city will also support enterprises in purchasing and transforming over 300 scientific and technological achievements from universities and research institutes through post-subsidy fiscal measures. Additionally, 100 university professors will be selected and appointed as "Deputy Chief Technology Officers" in enterprises across the industrial chain.

In terms of accelerating the efficient transformation

and application of scientific and technological achievements, Chengdu will thoroughly implement the "Sci-Tech Tianfu · Wisdom Gathering in Chengdu" scientific and technological achievement docking and transformation initiative, organizing over 300 industry chain docking activities on a "one theme per month" basis to facilitate more than 400 industry-academia-research cooperation projects. Efforts will be made to strengthen the "Online Sci-Tech Access + Offline Sci-Tech Islands" innovation and transformation service system and deepen the two-way "calling for best candidates" mechanism, with the goal of facilitating the implementation of over 50 open-competition bid-winning projects throughout the year. The city plans to establish 25 new pilot-scale platforms, deepen strategic cooperation with 23 universities and research institutes, such as Tsinghua University, form 13 task forces dedicated to the transformation of scientific and technological achievements along the industrial chain, and facilitate the transformation of over 500 achievement projects.

In terms of continuously improving the city's innovation ecosystem, Chengdu will formulate the Action Plan for the Reform on Market-Based Allocation of Technological Resources, deepen key reforms such as the separate management of job-related scientific and technological achievements and the "pay-after-use" model, and revise the Chengdu Science and Technology Progress Regulations. It will innovate the use of fiscal funds by introducing a work plan and implementation rules for the "investment first, equity later" model. Efforts will be made to accelerate the construction of the Chengdu-Chongqing Region "Belt and Road" International Technology Transfer Center. Work will be done to strengthen the coordination of scientific and technological innovation between the Chengdu and Chongqing hubs, and implement over 30 Chengdu-Chongqing joint research projects in fields such as intelligent connected vehicles and electronic information.

## 四川着力打造西部地区创新高地 Sichuan Strives to Build Itself into an Innovation Hub in Western China

📅 3月12日 March 12

3月12日，四川一则“硬核”消息受到不少关注：在成都高新区，一款超高速高精度的模数转换器发布。

这款由成都华微电子科技股份有限公司研发的转换器，可将模拟信号转换为数字信号，广泛应用于商业航天等领域，填补了国内空白。

今年全国两会上，习近平总书记强调：“力争在加强原始创新和关键核心技术攻关、抢占科技制高点上实现新突破”。2023年7月，习近平总书记在四川考察时指出：“要完善科技创新体系，积极对接国家战略科技力量和资源，优化完善创新资源布局，努力攻克一批关键核心技术，着力打造西部地区创新高地。”

贯彻落实习近平总书记重要指示精神，四川深入实施前沿科技攻坚突破行动，科技创新能力稳步提升，“十四五”时期全省每万人口高价值发明专利拥有量增长2倍多，2025年技术合同成交额突破3000亿元。奋进“十五五”，四川将持续提升创新体系整体效能，增强科技创新策源功能，打造西部地区创新高地。

### 优化完善创新资源布局——

四川遂宁，重庆大学锂电及新材料遂宁研究院，锂硫电池中试生产线高效运转，新型电池产品源源不断下线。

重庆大学研究团队技术功底深厚，遂宁锂电产业成熟。2021年，由重庆大学与遂宁市政府共建，研究院挂牌成立。“聚焦锂硫电池、三元正极材料等开展关键技术研发，已获得20多项专利。”研究院副院长李存璞表示，下一步将加速锂硫电池量产进程，力争在锂电全产业链技术攻关上取得新突破。

“十四五”时期，四川积极构建省域科技创新体系，推动成渝地区双城经济圈建设，还与重庆共建西部科学城，实施川渝科技创新合作计划项目257项。同时，四川对接国家战

略科技力量和资源，在川国家级创新平台已增至205个。“十五五”时期，四川将优化重点领域资源布局，增强体系化攻关能力，统筹实施重大科技专项，力争产出更多标志性原创成果。

### 构建科技成果高效转化体系——

四川天府新区，中国农业科学院都市农业研究所植物工厂实验室里，灯光明亮，一排排毛辣果幼苗露出嫩芽，茁壮成长。

2025年2月，四川首批“双向揭榜挂帅”项目发布，中国农业科学院都市农业研究所的“植物工厂作物育种加速器项目应用与产业化”成果，吸引了新腾数致网络科技有限公司“揭榜”。“公司拥有人工智能技术基底，该成果为我们提供了新的应用场景。”公司副总裁余恒说，“目前已投入4000多万元推动该成果产业化，毛辣果育种周期有望缩短一半。”

随着“双向揭榜挂帅”深入推进，截至目前，四川已发布四批次榜单260多个项目。“‘十五五’时期，我们将继续构建科技成果高效转化体系，助力‘企业找技术’和‘成果找市场’。”四川省科技厅厅长路松明介绍，到2027年，力争实现支持“揭榜”项目500个以上，推动重大标志性科技成果在川转化项目50个以上。

### 强化企业科技创新主体地位——

在成都佳驰电子科技有限公司厂房里，一款新型电磁功能材料刚刚下线。“公司研发的产品广泛应用于各类智能终端。”公司负责人陈良说。

像许多企业一样，佳驰公司得到一系列政策支持：企业人才需求大，组织部门给予“天府峨眉计划”等项目名额支

持，助力吸引高层次科技人才；企业研发投入多，相关奖补政策又接连惠及。去年，佳驰公司年产值大幅提升。

截至2025年底，四川国家高新技术企业、科技型中小企业分别达1.9万户、2.9万户。“十五五”规划纲要提出，“强化科技创新资源保障”“加强企业主导的产学研融通创新”。“十五五”时期，四川将完善促进企业创新的政策体系，支持科技型骨干企业牵头组建创新联合体，开展关键共性技术研发及科技成果中试和示范应用。

“牢记习近平总书记殷切嘱托，我们将以科技创新开辟发展新领域新赛道、塑造发展新动能新优势，奋力打造西部地区创新高地。”四川省委书记王晓晖表示。

On March 12, a piece of "hardcore" news from Sichuan drew considerable attention: an ultra-high-speed, high-precision analog-to-digital converter was unveiled in the Chengdu High-tech Industrial Development Zone.

Developed by Chengdu Sino Microelectronics Technology Co., Ltd., this converter transforms analog signals into digital signals and is widely used in fields such as commercial space, filling a domestic gap.

During this year's "two sessions", General Secretary Xi Jinping emphasized that efforts should be made to achieve new breakthroughs in strengthening original innovation, making progress in core technologies in key fields, and taking a leading position in science and technology. During his inspection tour of Sichuan in July 2023, General Secretary Xi Jinping pointed out that efforts should be made to improve the scientific and technological innovation system, actively align with national strategic scientific and technological forces and resources, optimize the layout of innovation resources, strive to achieve breakthroughs in a number of core technologies in key fields, and build Sichuan into an innovation hub in western China.

Implementing the spirit of General Secretary Xi Jinping's important instructions, Sichuan has deeply advanced the action for making breakthroughs in cutting-edge science and technology, resulting in a steady enhancement of its scientific and technological innovation capacity. During the 14th Five-Year Plan period, the number of high-value invention patents per 10,000 people in the

province increased by more than twofold. In 2025, the transaction value of technology contracts exceeded 300 billion yuan. Forging ahead into the 15th Five-Year Plan period, Sichuan will continue to enhance the overall effectiveness of its innovation system, strengthen its capacity to generate original scientific and technological innovation, and build itself into an innovation hub in western China.

### Optimize and Improve the Layout of Innovative Resources

In Suining, Sichuan Province, the lithium-sulfur battery pilot production line at the Chongqing University Lithium Battery and New Materials Suining Research Institute is running efficiently, with new-type battery products rolling off the production line continuously.

The research team from Chongqing University boasts profound technical expertise, and Suining has established a mature lithium battery industry. The Research Institute was jointly established by Chongqing University and the Suining Municipal People's Government and was officially inaugurated in 2021. "Focusing on research and development (R&D) of key technologies in areas such as lithium-sulfur batteries and ternary cathode materials, we have obtained over 20 patents," said Li Cunpu, Vice Dean of the Research Institute. In the next step, they will accelerate the mass production of lithium-sulfur batteries and strive to achieve new breakthroughs in tackling key technologies across the entire lithium battery industry chain, Li added.

During the 14th Five-Year Plan period, Sichuan actively built a provincial-level scientific and technological innovation system, promoted the development of the Chengdu-Chongqing economic circle, jointly established the Western Science City with Chongqing, and implemented 257 projects under the Sichuan-Chongqing scientific and technological innovation cooperation plan. At the same time, Sichuan aligned itself with national strategic scientific and technological forces and resources, with the number of national-level innovation platforms in

the province increasing to 205. During the 15th Five-Year Plan period, Sichuan will optimize the layout of resources in key areas, strengthen its capacity for systematic research, coordinate efforts in the implementation of major science and technology programs, and strive to produce more landmark original achievements.

### Build an Efficient System for the Transformation of Scientific and Technological Achievements

At the Institute of Urban Agriculture, Chinese Academy of Agricultural Sciences, in Sichuan Tianfu New Area, the lights are bright in the plant factory laboratory, where rows of maolago seedlings are sprouting and growing vigorously.

In February 2025, Sichuan unveiled its inaugural batch of projects under the "two-way calling for best candidates" open competition mechanism. The "Application and Industrialization of the Plant Factory Crop Breeding Accelerator Project" from the Institute of Urban Agriculture, Chinese Academy of Agricultural Sciences, attracted Zin Technology Co., Ltd. to take up the challenge. "Our company has a strong foundation in artificial intelligence, and this project provides us with a new application scenario," said Yu Heng, Vice President of the company. "We have already invested over 40 million yuan to promote the industrialization of this project, and the breeding cycle of maolago is expected to be cut by half."

With the deepening implementation of the "two-way calling for best candidates" open competition mechanism, Sichuan has released over 260 projects across four batches to date. "During the 15th Five-Year Plan period, we will continue to build an efficient system for the transformation of scientific and technological achievements, helping enterprises find technologies and achievements find markets," said Lu Songming, Director-General of the Department of Science and Technology of Sichuan Province. By 2027, the province aims to support over 500 "open competition" projects and promote the transformation of more than 50 major landmark scientific and technological achievements in Sichuan, Lu said.

### Reinforce the Principal Role of Enterprises in Scientific and Technological Innovation

At the production facility of Chengdu Jiachi Electronic Technology Co., Ltd. (JC Technology), a new type of electromagnetic functional material has just rolled off the production line. "The products developed by our company are widely used in various types of intelligent terminals," said Chen Liang, head of the company.

Like many enterprises, JC Technology has received a series of policy supports. With a strong demand for talent, the company has been supported through programs such as the "Tianfu Emei Plan" by the organization department, which helps it attract high-level scientific and technological personnel. Meanwhile, with its substantial investment in R&D, the company has also benefited from successive rewards and subsidies policies. Last year, JC Technology saw a significant increase in its annual output value.

By the end of 2025, Sichuan had 19,000 national high-tech enterprises and 29,000 small and medium-sized sci-tech enterprises. The outline of the 15th Five-Year Plan proposes to "strengthen the guarantee of scientific and technological innovation resources" and "strengthen enterprise-led innovation integration of industry, academia, and research". During the 15th Five-Year Plan period, Sichuan will improve the policy system for promoting enterprise innovation, support leading sci-tech enterprises to take the lead in establishing innovation consortia, and carry out R&D on key generic technologies as well as pilot testing and demonstration applications of scientific and technological achievements.

"Keeping in mind General Secretary Xi Jinping's earnest entrustment, we will open up new areas and tracks for development through scientific and technological innovation, shape new drivers and advantages for development, and strive to build Sichuan into an innovation hub in western China," said Wang Xiaohui, Secretary of the CPC Sichuan Provincial Committee.

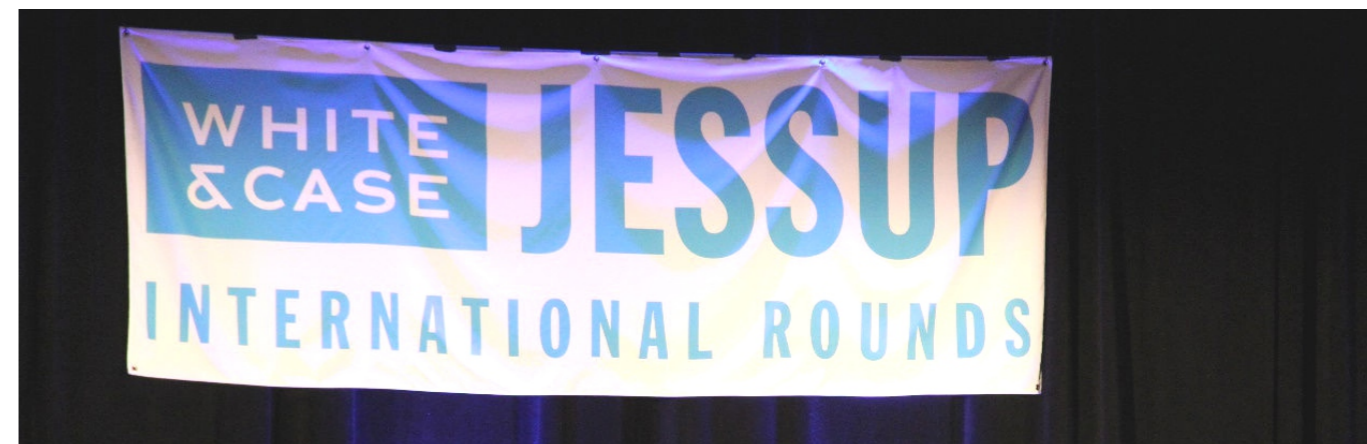

## 学校代表队在2026年“杰赛普”国际法模拟法庭竞赛荣获三等奖 The SWUFE Team Won the Third Prize in the 2026 Jessup International Law Moot Court Competition

2月25日 February 25

2月25日至28日，中国赛区第24届“杰赛普”国际法模拟法庭竞赛（Philip C. Jessup International Law Moot Court Competition）在中国政法大学举行。经过两天激烈角逐，学校代表队荣获中国赛区三等奖，队员姜吟纾获全国“最佳辩手”奖项。

杰赛普”国际法模拟法庭竞赛是由“美国国际法学生联合会”（International Law Students Association, ILSA）主办的专业性模拟法庭，被誉为国际法学界的“奥林匹克竞赛”，备受世界各地法学院重视。本届中国赛区吸引了包括北京大学、中国政法大学、复旦大学等78所国内知名高校参

与。

学校代表队由法学院汪蕾、雷芸担任指导老师，2023级本科生亢春晨、蒋韵晨、邬绯羽、姜吟纾担任队员。代表队在备赛期间进行了高强度法律检索、模拟训练、案例学习和赛题研读，在巡回赛中对阵吉林大学、重庆大学、汕头大学等高校。比赛中，队员们展现出严谨缜密的法律思维、扎实的国际法基础、丰富的国际法知识、标准流利的英语口语和从容不迫的临场应变能力，获得法官们一致好评。

长期以来，学校法学教育始终坚持理论与实践相统一、国际化与复合型协同发展的育人理念，以高水平学科竞赛为重要抓手，赋能拔尖创新人才培养，着力锻造兼具法治精神、国际视野与财经底色的高素质卓越法律人才。面向未来，学校将持续深耕国际法教学研究与实践创新，不断提升学子国际竞争力与赛事影响力，为国家涉外法治人才队伍建设与高水平对外开放贡献坚实的西财法学力量。

From February 25 to 28, the 24th China National Round of the Philip C. Jessup International Law Moot Court Competition was held at the China University of Political Science and Law. After two days of intense competition, our team won the Third Prize in the China National Round. Team member Jiang Yinshu also received the national "Best Debater" award.

The Jessup Competition is organized by the International Law Students Association (ILSA) and is widely regarded as the "Olympic Competition" of the international legal community. It attracts significant attention from law schools worldwide. This year's China National Round brought together 78 prestigious domestic universities, including Peking University, China University of Political

Science and Law, and Fudan University.

The SWUFE team was coached by faculty advisors Wang Lei and Lei Yun from the School of Law, and team members were Kang Chunchen, Jiang Yunchen, Wu Feiyu, and Jiang Yinshu, all undergraduate students enrolled in 2023. During the preparation period, the team engaged in intensive legal research, mock training, case analysis, and competition study. In the tour, they competed against teams from Jilin University, Chongqing University, and Shantou University. During the competition, the team demonstrated rigorous legal thinking, a solid foundation in international law, extensive knowledge, fluent English, as well as calm and composed on-the-spot adaptability, earning unanimous praise from the judges.

SWUFE's legal education has long adhered to the educational concept of integrating theory with practice and promoting both internationalization and interdisciplinary training. By actively participating in high-level academic competitions, the school aims to cultivate innovative and top-tier legal talent with a strong rule-of-law mindset, global vision, and a foundation in finance and economics. Looking forward, SWUFE will continue to deepen its commitment to teaching, research, and innovation in international law, further enhancing the international competitiveness and influence of students. These efforts are also part of SWUFE's broader contribution to China's development of the foreign-related legal talent team and high-level opening-up policy.

## 学校与法国蒙彼利埃高等商业学院签署合作办学协议 SWUFE Signs Cooperative Education Agreement with MBS School of Business (France)

☞ 2月28日 February 28

2月28日，学校与法国蒙彼利埃高等商业学院（MBS School of Business）合作办学协议签约仪式在柳林校区举行。法国蒙彼利埃高等商业学院常务校长埃里克·勒·德勒伊（Eric LE DELEY）、副校长阿尼斯·查尔菲（Anis CHARFI），学校党委副书记、校长李永强，党委常委、副校长李志生出席签约仪式。

李永强对埃里克·勒·德勒伊一行表示欢迎并介绍了学校百年历史沿革、“新财经”学科建设及国际交流合作等情况。他指出，今年是中法建交62周年、成都与蒙彼利埃缔结友好城市关系45周年，此次双方签署合作办学协议既是中法教育合作“双向奔赴”的生动体现，也是两所百年大学悠久历史与治学精神的交汇融合，希望双方携手打造中法合作办学标杆项目，推动中法教育文化科研深度交流。

埃里克·勒·德勒伊对学校的热情接待表示感谢并介绍了蒙彼利埃高等商业学院作为百年商校的发展积淀与国际资

源。他表示，西南财经大学声誉卓著，双方自2017年开始合作以来，秉持对学术卓越的共同追求，不断推动友好互利合作提质升级，学校高度重视与西南财经大学的战略合作关系，希望持续深化合作，共同培养肩负时代责任的国际化财经人才。

随后，李永强、埃里克·勒·德勒伊代表双方签署合作办学协议。

学校国际交流与合作处、特拉华数据科学学院相关负责人参加签约仪式。

On February 28, a signing ceremony for a cooperative education agreement between SWUFE and MBS School of Business was held at Liulin Campus. Eric LE DELEY, the Director General of MBS School of Business, Anis CHARFI, the Associate Director of MBS School of Business, President Li Yongqiang, and Vice President Li Zhisheng attended the

ceremony.

President Li Yongqiang extended a warm welcome to Eric LE DELEY and his delegation. He introduced SWUFE's century-long history, our advancements in the disciplines of "New Finance and Economics," and our international exchanges and collaborations. He noted that this year marks the 62nd anniversary of the establishment of diplomatic relations between China and France, as well as the 45th anniversary of the sister-city relationship between Chengdu and Montpellier. He emphasized that the signing of this cooperative education agreement reflects the fruitful collaboration in China-French educational cooperation and represents the convergence of the rich histories and academic philosophies of two century-old institutions. He expressed hope that both sides would work together to create a benchmark for China-French cooperative education projects and promote deeper exchanges in education, culture, and research.

Eric LE DELEY expressed gratitude for the warm reception and highlighted the century-long heritage and international resources of MBS School of Business. He praised SWUFE's outstanding reputation and noted that since the partnership began in 2017, both institutions have continuously upgraded their mutually beneficial cooperation based on a shared pursuit of academic excellence. He reiterated MBS's commitment to strengthening the strategic partnership with SWUFE to jointly cultivate internationally minded financial and economic talents.

Following their remarks, Li Yongqiang and Eric LE DELEY signed the cooperative education agreement on behalf of SWUFE and MBS School of Business.

Representatives from the Office of International Exchange and Cooperation and the SWUFE-UD Institute of Data Science at SWUFE also attended the ceremony.

## 校领导率团访问英国爱尔兰高校 推动合作办学取得重要进展 University Leaders Visit UK and Irish Universities, Driving Significant Progress in Cooperative Education

3月12日 March 12

近日，学校党委常委、副校长李志生率团访问英国思克莱德大学、利兹大学和爱尔兰高威大学，聚焦深化与英国、爱尔兰一流高校战略伙伴关系，围绕中外合作办学项目、科研协同创新、人才联合培养等领域与三所高校达成广泛共识。

在思克莱德大学，校长斯蒂芬·麦克阿瑟(Stephen McArthur)会见代表团，双方签署合作备忘录。李志生指出，思克莱德大学“学以致用”的办学理念与西南财大高度契合，双方在金融科技、商业分析等领域合作潜力巨大。麦克阿瑟校长高度评价我校财经教育成就，表示将全力支持合作办学项目申报落地。双方围绕金融科技硕士等项目进行深入

交流。代表团还参访了斯克莱德大学技术与创新中心，实地考察连续制造与先进结晶中心等前沿产学研创新基地。

在利兹大学，常务副校长余海岁(Hai-sui Yu)会见代表团。李志生表示，利兹大学商科教育享誉全球，两校学科特色高度互补，合作前景广阔。余海岁指出愿以双方前期学者交流为基础，稳步推进教育合作。商学院执行院长朱莉娅·本内尔主持工作会谈，双方围绕合作备忘录续签、教师互访、学生交流、博士联合培养等达成共识。

在高威大学，副校长亚历克斯·梅特卡夫(Alex Metcalfe)会见代表团并签署合作备忘录。李志生指出，高威大学在数据科学、健康经济、环境经济等领域积淀深厚，与

我校优势学科形成良好互补。代表团介绍了金融科技、数字经济、数据科学与大数据三个拟合作办学专业提案，双方围绕教师派遣、质量保障等运营细节深入探讨。

此次访问是学校深化对英国、爱尔兰高等教育合作的重要举措。访问期间共达成10余项合作意向，签署2项校级合作备忘录，在合作办学项目设计、科研协同创新、人才联合培养等方面取得务实成果。

学校国际交流与合作处，金融学院、中国金融研究院，经济学院等负责人随同出访。

Vice President Li Zhisheng recently led a university delegation on a visit to the University of Strathclyde and the University of Leeds in the UK, as well as the University of Galway in Ireland. The visit focused on strengthening strategic partnerships with top-tier universities in the UK and Ireland. Extensive consensus was reached in areas such as cooperative education programs, joint research initiatives, and talent development.

At the University of Strathclyde, President Stephen McArthur met with the delegation, and the two sides signed a Memorandum of Understanding (MoU). Li Zhisheng noted

that Strathclyde's educational philosophy of "Learning by Doing" is highly aligned with that of SWUFE, and the two sides hold enormous cooperation potential in fields like fintech and business analytics. President McArthur spoke highly of SWUFE's achievements in finance and economics education and expressed full support for advancing the joint education programs. The delegation also visited the Technology & Innovation Centre and toured the Centre for Continuous Manufacturing and Advanced Crystallisation.

At the University of Leeds, Deputy Vice-Chancellor Hai-sui Yu met with the delegation. Li Zhisheng stated the global reputation of Leeds' business education and the complementary strengths of both institutions. Hai-sui Yu expressed interest in gradually deepening collaboration, building on existing academic exchanges. Julia Bennell, Executive Dean of Leeds University Business School, presided over the meeting, during which both sides reached consensus on renewing the MoU, faculty and student exchanges, and joint doctoral training programs.

At the University of Galway, Vice President Alex Metcalfe met with the delegation and signed an MoU. Li Zhisheng highlighted that the University of Galway has a strong research foundation in data science, health economics, environmental economics and other disciplines. The delegation presented proposals for three proposed joint education majors, namely Financial Technology, Digital Economy, and Data Science and Big Data Technology. Both sides engaged in detailed discussions on operational aspects such as faculty deployment and quality assurance.

The visit marks a significant step in strengthening higher education collaboration with UK and Irish institutions. A total of over 10 cooperation initiatives were agreed upon, and two institutional MoUs were signed. Tangible progress was made in program design, research collaboration, and joint talent development.

Leaders from the Office of International Exchange and Cooperation, the School of Finance, the Institute of Chinese Financial Studies, and the School of Economics accompanied the visit.

## 灯影盐井间，读懂中国年 ——西南财经大学留学生走进自贡迎新春 Finding China's Spring Festival Spirit Among Salt Wells and Lantern Lights – SWUFE International Students Welcome the New Year in Zigong

1月23日 January 23

1月23日至24日，由四川省人民对外友好协会、四川省教育厅、四川省科技厅（省外国专家局）联合主办，自贡市对外友好协会、西南财经大学、四川大学、四川轻化工大学等单位共同承办的“彩灯贺新春·寻味中国年”文化交流活动在“千年盐都”“南国灯城”自贡市成功举办。近40名外籍师生共同参与了这场融合中国传统文化与现代科技的新春文化体验之旅。1千年盐井：触摸历史的温度

From January 23 to 24, a cultural exchange event titled "Celebrating the Spring Festival with Lanterns & Seeking the Flavor of Chinese New Year" was successfully held in Zigong, a city renowned as the "Millennium Salt Capital" and the "Southern Land of Lanterns." The event was jointly organized by the Sichuan Provincial People's Association for Friendship with Foreign Countries, the Sichuan Provincial Department of Education, and the Science and Technology Department of Sichuan Province (Administration of Foreign Experts Affairs), with support from the Zigong City People's Association for Friendship with Foreign Countries, Southwestern University of Finance and Economics (SWUFE), Sichuan University, and Sichuan University of Science & Engineering. Nearly 40 international faculty and students participated in this Spring Festival cultural experience, which blended traditional Chinese culture with modern technology.

### 千年盐井：触摸历史的温度

活动首站来到被誉为中国古代钻井技术活化石的夔海井。这座开凿于清代的古盐井至今仍保留着传统制盐工艺，成为自贡这座城市深厚工业历史的见证。留学生们目睹了从地下千米深处提取卤水、熬煮结晶的全过程。

#### A Millennium Salt Well: Touching the Pulse of History

The first stop of the event was the Shenhai Well, often hailed as a "living fossil" of ancient Chinese drilling technology. Originally drilled during the Qing Dynasty, this ancient salt well still preserves traditional salt-making techniques and stands as a testament to Zigong's profound industrial history. International students witnessed the entire process of extracting brine from a depth of over 1,000 meters and then boiling it to crystallization.

### 艺术新生：当亿万年恐龙遇见现代创意

中国·自贡恐龙周“一眼一亿年”艺术作品展，为参观者带来了一场视觉盛宴。自贡作为世界重要的恐龙化石产地，其独特的古生物资源成为艺术创作的丰富源泉。展览中，各类艺术作品将远古恐龙形象与现代生活元素巧妙融合，生动展现出传统文化在当代语境下的创新表达。

#### Artistic Revival: When Prehistoric Dinosaurs Meet Modern Creativity

The "One Eye, One Hundred Million Years" Art Exhibition at the China · Zigong Dinosaur Museum offered visitors a visual feast. As a world-renowned dinosaur fossil site, Zigong's unique paleontological resources provide a rich source of artistic inspiration. The exhibition featured various artworks that creatively integrated ancient dinosaur imagery with elements of modern life, vividly demonstrating the innovative expression of traditional culture in a contemporary context.

## 灯海奇观：自贡国际恐龙灯会的视觉盛宴

夜幕降临时，我校学子与同行参与者来到第三十二届自贡国际恐龙灯会现场。

高达二十余米的木兰主题彩灯恢弘雅致、巨鲲灯组栩栩如生，搭配绵延数里的璀璨彩灯长廊，光影交织、宛如一幅铺展在夜色中的绚丽光影长卷。我校学子徜徉在漫天灯海，目之所及皆是流光溢彩，沉浸式感受着新春的喜悦与文化的震撼。

### A Sea of Lanterns: The Spectacle of the Zigong International Dinosaur Lantern Festival

As night fell, students from SWUFE and their peers visited the 32nd Zigong International Dinosaur Lantern Festival. The grand and elegant lantern set themed around Mulan, standing over twenty meters tall, and the lifelike giant Kun fish installation were set against a backdrop of a splendid lantern corridor stretching for miles. The interplay of light and shadow created a magnificent scroll of color spread across the night landscape. Strolling through the vast sea of lanterns, the students were immersed in the radiant sights, experiencing the joy of the Spring Festival and the profound impact of the culture.

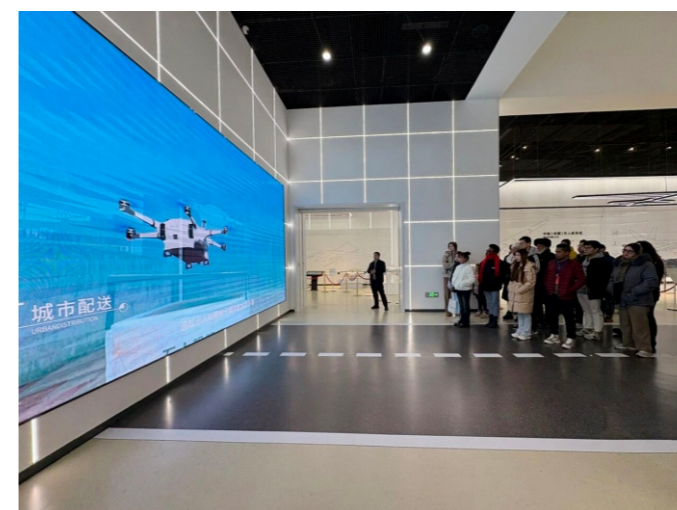

## 科技自强：无人机产业展现中国创新力量

在自贡航空产业园，同学们近距离了解了中国无人机技术的发展成就与广泛应用。

从物流配送、农业植保到应急救援，民用无人机在各领域的实用案例一一呈现，直观展现了中国在高科技领域的自主创新能力和产业转化成果，让大家对中国现代科技发展有了更深刻的认识。

### Technological Prowess: The Drone Industry Showcases China's Innovative Strength

At the Zigong Aviation Industrial Park, students gained an up-close look at the achievements and widespread applications of China's drone technology. From logistics and agricultural plant protection to emergency rescue, practical use cases for civilian drones were presented, directly demonstrating China's capacity for independent innovation and industrial transformation in the high-tech sector.

## 扎染体验：传统工艺中的自然美学

活动最后一站，同学们走进中国非物质文化遗产——扎染技艺的世界。在老师的讲解示范下，大家学习布料捆扎、染色、氧化、清洗等基础步骤，原本普通的白色织物，在靛蓝染液的浸润与独特的捆扎手法下，焕发出独一无二的艺术魅力。

每件作品的纹样皆不可复制，这份独一无二正是传统手工艺的珍贵之处，也让大家深深爱上了这份藏在指尖的自然美学。

### Batik Experience: The Natural Aesthetics of Traditional Craftsmanship

At the final stop of the event, students stepped into the world of batik, a piece of China's intangible cultural heritage. Guided by an instructor, they learned the fundamental steps of tying fabric, dyeing, oxidizing, and rinsing. Through the immersion of indigo dye and unique tying techniques, ordinary white fabric was transformed into pieces of unique artistic charm. The unique pattern of each piece, a hallmark of this traditional craft, captivated the students and deepened their appreciation for the natural aesthetics found in handmade art.

## 2026年印度尼西亚雅加达中学生春令营圆满开幕 2026 Jakarta Secondary School Spring Camp Officially Opens

☞ 3月6日 March 6

PENABUR Intercultural School, Jakarta; teachers Victoria Linda and Fielly Budiman; members of the program team; and all student participants from Indonesia.

In his address, Dean Yuan Songyang extended a warm welcome to all the teachers and students attending the opening ceremony on behalf of CIE. He introduced SWUFE's history, the achievements of its "Double First-Class" discipline development, and the outcomes of its international exchanges and cooperation with various educational institutions in Indonesia in recent years.

Following the address, program team members gave an overview of Chengdu, along with the spring camp itinerary and key guidelines. The 14-day spring camp features a range of activities, including Chinese language courses and cultural experiences, and will also take participants on in-depth visits to historical and cultural sites in Chengdu.

Through immersive language learning and meaningful cultural exchanges, the program aims to enhance participants' comprehensive Chinese language proficiency. It also seeks to build a bridge of understanding and friendship between young people from China and Indonesia, injecting fresh momentum into deepening practical educational cooperation and promoting mutual learning and people-to-people exchanges between the two countries.

3月6日，西南财经大学国际教育学院主办的印尼雅加达中学生春季学习交流营开幕式顺利举行。国际教育学院院长袁松阳、印尼PENABUR跨文化学校(PENABUR Intercultural School)校长Vita Kusumastuti、教师Victoria Linda、教师Fielly Budiman、项目组成员以及来自印尼的全体学员共同出席了开营仪式。

袁松阳代表学院致辞，向出席开营仪式的全体师生表示热烈欢迎。他介绍了西南财经大学的历史沿革、“双一流”学科建设成果，以及学校近年来与印尼各院校开展国际交流与合作的成果。

随后，项目组成员向学员们介绍了成都概况、春令营行程安排及注意事项。本次春令营为期14天，项目组为学员安排了汉语课程、文化体验等丰富多彩的活动，并将组织学员深入探访成都当地历史文化遗址。

本次活动通过沉浸式的语言学习与深入的文化交流，切实提升学员的汉语综合运用能力。同时，项目也致力于构筑中印尼青年之间的理解与友谊之桥，为进一步深化两国在教育领域的务实合作、促进文明互鉴与人文交流持续注入新的活力。

On March 6, the opening ceremony of the Jakarta Secondary School Spring Exchange Camp, hosted by the College of International Education (CIE) at the Southwestern University of Finance and Economics (SWUFE), was successfully held. Attendees included Yuan Songyang, Dean of CIE; Vita Kusumastuti, Principal of

为期两天的活动通过精心设计的行程，将历史文化、传统技艺、现代科技与艺术创新有机结合，为外籍师生展示了一个真实立体全面多彩的中国形象。从古老的盐井到现代的无人机，从传统的扎染到创新的灯会，这些看似独立的元素，共同勾勒出中国文化传播与发展的完整图景，让我校留学生在行走与体验中，对中国文化的内涵与魅力有了更鲜活、更深刻的理解。

Through its carefully designed two-day itinerary, the event seamlessly integrated historical culture, traditional craftsmanship, modern technology, and artistic innovation, presenting international faculty and students with a true, three-dimensional, and multi-faceted image of China. From ancient salt wells to modern drones, from traditional batik to innovative lantern festivals, these seemingly disparate elements came together to outline a complete picture of China's cultural continuity and development. For the international students from SWUFE, the journey offered a vivid and profound understanding of the depth and charm of Chinese culture.

## 国际教育学院举行2025-2026学年春季学期国际学生开学典礼 CIE Holds Opening Ceremony for International Students for Spring Semester of 2025-2026 Academic Year

☞ 3月11日 March 11

3月11日下午，西南财经大学2025-2026学年春季学期国际学生开学典礼在光华校区光华楼东厅举行。国际教育学院院长袁松阳、副院长肖红超，成都市公安局青羊区分局出入境管理大队警官，学院相关部门负责老师及全体国际学生新生齐聚一堂，共同开启新学期的崭新篇章。

袁松阳首先代表学院，向远道而来的全体新生致以热烈欢迎和诚挚祝贺。他表示，学院将为同学们在校期间的学习与生活提供全方位的支持与服务，助力大家实现学业目标、感受中国魅力。同时，对新生提出四点期望：一是播下勤学的种子，不断精进汉语；二是秉持开放心态，了解中国、读懂中国；三是始终牢记安全第一，确保平安留学；四是主动搭建文化桥梁，成为中外文明交流的使者。

典礼上，来自俄罗斯的在校生代表Mariia Ganak（张雅婷）分享了自己在西财的学习生活经历，结合自身感悟为新同学们提供了实用建议，鼓励大家珍惜学习机会、积极融入校园。来自瑞士的新生代表Alisha Victoria Suhner（瑞夕玫）讲述了自己与中文结缘的故事，表达了对中文的热爱以及未来成为一名中文教师的美好愿望。

为帮助新生快速适应在华学习生活，开学典礼设置了安全教育与校园服务讲解环节。警官陈亮围绕出入境证件规范管理、涉外法律法规、交通安全等重点内容开展专题宣讲，

增强新生的法治意识和安全防范能力。留学生管理办公室负责老师则详细解读了校园生活服务、校纪校规、住宿管理、考勤要求等相关规定，为新生们答疑解惑，帮助新生尽快熟悉并适应在校学习生活。

为了做好新学期汉语教学，学院也组织开展了春季学期汉语教师岗前培训工作。肖红超围绕“国际中文教师专业素养与师德师风”主题与老师们进行交流。他希望全体教师能够以文化架桥，做心怀家国的传播者；以尊重为先，做跨文化理解的交流者；以身正为范，做中国形象的代言人；以精进为要，做终身学习的践行者。培训会上，留学生管理办公室介绍了留学生日常管理的相关规定，教研室从课程设置、教学管理等方面进行了说明。此次岗前培训不仅提升了教师们的专业素养和管理意识，同时也鼓舞老师们以更加良好的风貌迎接新学期。

新学期通过留学生入学教育与教师岗前培训，学院不断强化育人氛围、规范教学管理，为进一步提升“留学西财”品牌质量夯实基础。

On the afternoon of March 11, the opening ceremony for international students for the spring semester of the 2025-2026 academic year at the Southwestern University of Finance and Economics (SWUFE) was held in the East Hall of Guanghua Building on the Guanghua Campus. The ceremony was attended by Yuan Songyang, Dean of the College of International Education (CIE); Xiao Hongchao, Vice Dean of CIE; police officers from the Exit & Entry Administration Department of Qingyang PSB; faculty in charge from relevant departments of CIE; and all new international students, gathering together to commence a new chapter of the semester.

On behalf of the College, Dean Yuan Songyang extended a warm welcome and sincere congratulations to all new students who had traveled from afar. He stated that CIE would provide comprehensive support and services for students' studies and campus life, helping them achieve their academic goals while experiencing the allure of China. He also put forward four expectations for the new students: first, to cultivate diligence and continuously improve their Chinese language skills; second, to maintain an open mindset, understand China, and gain deeper insights into the country; third, to always prioritize safety and ensure a secure study abroad experience; and fourth, to proactively serve as cultural bridges and become envoys for exchanges between Chinese and other civilizations.

During the ceremony, Mariia Ganak (Zhang Yating), a current student from Russia, shared her study and life experiences at SWUFE, offering practical advice to the new students based on her own journey and encouraging them to cherish their learning opportunities and actively integrate into campus life. Alisha Victoria Suhner (Rui Ximei), a new student representative from Switzerland, recounted her story of how she developed a connection with the Chinese language, expressing her passion for it and her aspiration to become a Chinese teacher in the future.

To help new students quickly adapt to studying and living in China, the opening ceremony included sessions on safety education and campus services. Police Officer Chen Liang delivered a special lecture focusing on key topics such as the proper management of entry-exit documents, relevant laws and regulations concerning foreign nationals, and traffic safety, aiming to enhance students' legal awareness and safety precautions. The teacher from Student Affairs Office then provided detailed explanations of campus life services, university rules and regulations, accommodation management, attendance requirements, and other relevant policies, answering questions to help new students quickly familiarize themselves with and adapt to campus life.

In preparation for the Chinese language instruction in the new semester, CIE also organized pre-service training for Chinese language teachers for the spring semester. Vice Dean Xiao Hongchao engaged with faculty on the theme of "Professional Competence and Ethical Standards for International Chinese Language Teachers." He expressed his hope that all teachers would serve as cultural bridges,

acting as disseminators with a deep sense of national commitment; uphold respect as a priority, serving as facilitators of cross-cultural understanding; set an example with integrity, acting as representatives of China's image; and focus on continuous improvement, embodying the spirit of lifelong learning. During the training, the Student Affairs Office introduced relevant regulations concerning the daily management of international students, while the Chinese Teaching and Research Office provided explanations on curriculum design and teaching management. This pre-service training not only enhanced the teachers' professional competence and management awareness but also encouraged them to embrace the new semester with greater enthusiasm.

Through these orientation activities for international students and the pre-service training for faculty at the start of the semester, CIE continues to strengthen its educational environment and standardize teaching management, thereby solidifying the foundation for further enhancing the quality of the "Study at SWUFE" brand.

## 成都市温江区商务局与西南财经大学国际教育学院共商校地合作 Wenjiang District Commerce Bureau and SWUFE College of International Education Discuss University-District Cooperation

3月12日 March 12

3月12日，成都市温江区商务局副局长姜迪武一行赴西南财经大学国际教育学院，与学院相关负责人就深化校地合作进行座谈交流。

会上，双方围绕整合区域商贸资源与发挥高校人才优势进行了深入探讨，并在建立来华留学生文化体验及校企交流机制方面达成初步共识。双方明确，将进一步强化校地协同，通过构筑多元化实践平台，引导留学生深入了解温江产业发展脉络与天府文化内涵，推动校地资源高效配置与互利共赢。

On March 12, a delegation led by Jiang Diwu, Deputy Director of the Wenjiang District Commerce Bureau in Chengdu, visited the College of International Education (CIE) at the Southwestern University of Finance and Economics (SWUFE) to hold discussions with relevant

officials on deepening university-district cooperation.

During the meeting, both sides engaged in in-depth discussions on integrating regional commercial and trade resources while leveraging the university's talent advantages. They reached preliminary consensus on establishing mechanisms for cultural experiences and university-enterprise exchanges for international students in China. Both parties agreed to further strengthen university-district coordination by building diversified practical platforms, guiding international students to gain deeper insights into the industrial development of Wenjiang District and the cultural essence of Tianfu. The goal is to promote efficient allocation of resources between the university and the district, fostering mutual benefits.

## 人社部国外人才研究中心一行来我院调研交流

### Delegation from Foreign Talent Research Center of the Ministry of Human Resources and Social Security Visits the College of International Education, SWUFE

☞ 3月24日 March 24

3月24日，人社部国外人才研究中心支撑服务处副处长于佳一行来我院调研，与学院相关负责人就拟举办成都留学生专场招聘会和留学生就业相关事宜进行座谈交流。

会上，双方围绕此次专场招聘会筹备工作展开深入沟通。此次招聘会参会企业均为厦门大型国有外资企业及出海企业，旨在为来华留学生提供优质就业机会，同时帮助企业吸纳国际人才。双方表示，将以此次招聘会为契机，进一步深化在留学生实习就业、校企资源对接等方面的合作，助力来华留学生高质量就业，服务地方与企业国际化发展需求，实现互利共赢。

On March 24, a delegation led by Yu Jia, Deputy Director of the Support Services Division at the Foreign Talent Research Center of the Ministry of Human Resources and Social Security, visited the College of International Education (CIE) at the Southwestern University of Finance and Economics (SWUFE) to hold discussions with relevant college officials on the upcoming Job Fair for International

Students in Chengdu and matters related to international student employment.

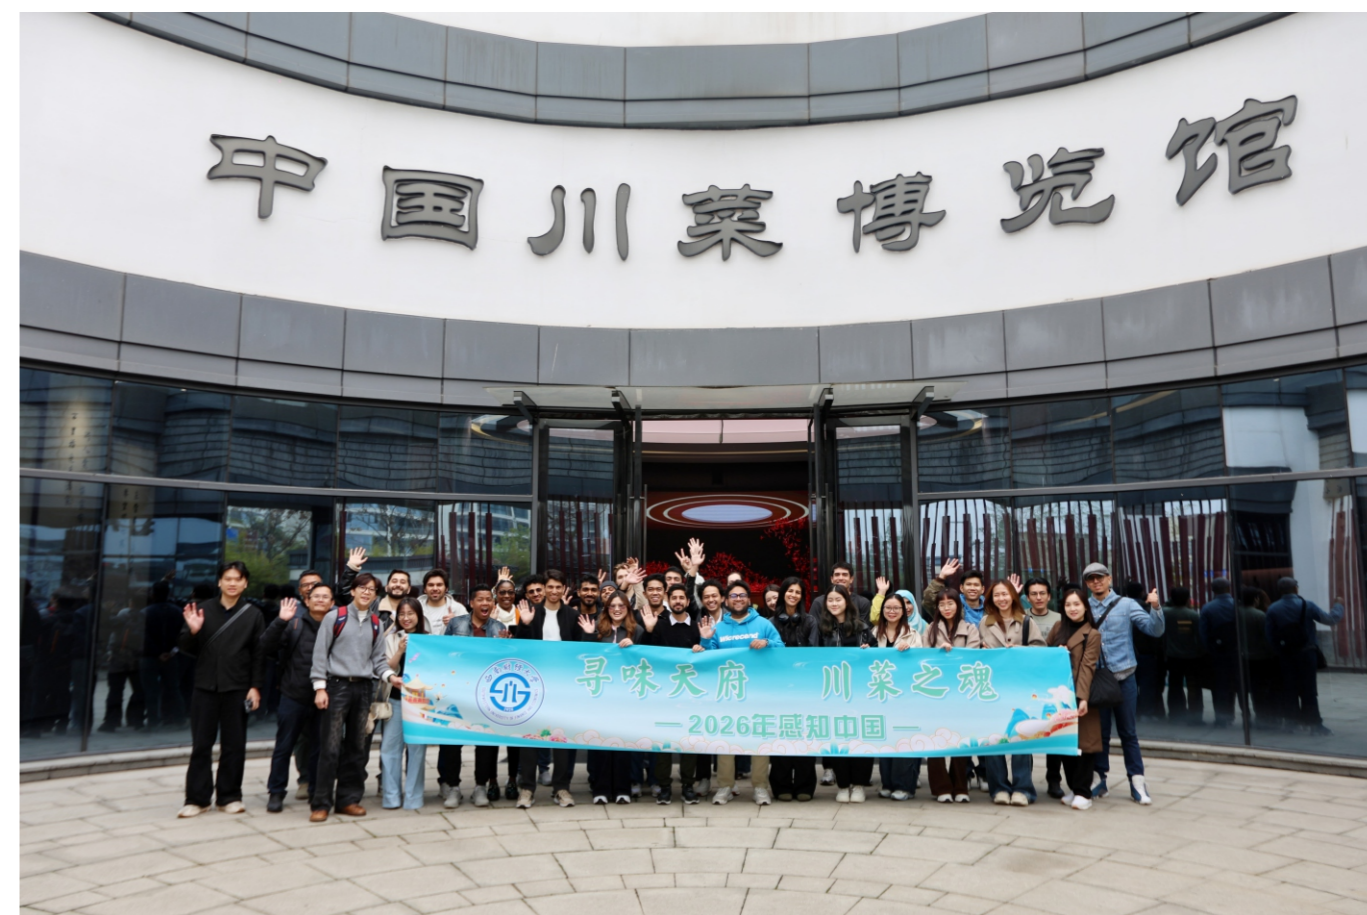

During the meeting, both sides engaged in in-depth communication regarding the preparation of the job fair. The participating enterprises are all large state-owned foreign-invested companies and overseas-oriented enterprises based in Xiamen, aiming to provide quality employment opportunities for international students in China while helping enterprises attract global talent. Both parties expressed that they would take this job fair as an opportunity to further deepen cooperation in areas such as internship placement, employment services for international students, and university-enterprise resource matchmaking. This collaboration seeks to facilitate high-quality employment for international students, support the international development needs of local governments and enterprises, and achieve mutual benefits.

## "感知中国"走进郫都，解锁舌尖上的中国密码

### "Experience China" in Piddu: Unlocking the Culinary Secrets of Sichuan Cuisine

☞ 3月25日 March 25

3月25日，由国家留学基金管理委员会主办、西南财经大学承办的“感知中国——寻味天府川菜之魂”文化实践活动在成都市郫都区顺利举办。来自巴基斯坦、印度尼西亚、越南、俄罗斯等20个国家的35名来华留学生深入“川菜之源”，参访川菜博览馆，寻味郫城郫县豆瓣厂，沉浸川菜博

物馆，开启了一场舌尖上的文化探索之旅。在川菜博览馆，留学生们通过丰富的史料和实物展陈，系统了解川菜从古至今的发展脉络与文化底蕴，直观感受川菜兼容并蓄、源远流长的历史传承。

在郫城郫县豆瓣厂，大家走进晒场，近距离观摩“川菜

之魂”郫县豆瓣“翻、晒、露”的传统制作工艺，在醇厚酱香中体会非遗技艺的匠心坚守。

活动最后一站，留学生们来到川菜博物馆。作为国内以菜系文化为主题的活态博物馆，这里集文化展示、非遗展演、互动体验、品尝试吃于一体，让大家全方位感受川菜的历史底蕴与烟火气息。展演区内，非遗传承人现场展示蒙眼切面、大刀切丝、传统翻锅等绝技，行云流水的操作引得留学生阵阵惊叹。

在互动体验区，留学生们换上围裙、拿起锅铲，化身“川厨”，在师傅手把手指导下，从备料、滑油、翻炒到调味，亲手烹制经典川菜宫保鸡丁。来自俄罗斯的留学生马特表示：“亲手制作川菜，让我第一次真正读懂‘一菜一格，百菜百味’的独特魅力。”大家一边品尝自己的劳动成果，一边交流文化感受，在欢声笑语中加深了对中华饮食文化的理解与喜爱。

作为西南财经大学“感知中国”品牌系列活动，此次郫都之行以川菜为纽带，既为来华留学生奉上一场味蕾盛宴，更搭建起一座中外心灵沟通的桥梁。留学生们在唇齿留香间感悟中华优秀传统文化的深厚底蕴，推动中外人文交流在品味美食中走深走实。

On March 25, the "Experience China - Tasting the Soul of Sichuan Cuisine in Tianfu" cultural practice activity, sponsored by the China Scholarship Council and organized by Southwestern University of Finance and Economics (SWUFE), was successfully held in Pidu District, Chengdu. A

total of 35 international students from 20 countries, including Pakistan, Indonesia, Vietnam, and Russia, traveled to the "hometown of Sichuan cuisine" to visit the Sichuan Cuisine Expo Museum, explore the Pixiandouban Intangible Cultural Heritage Craftsmanship Experience Base, and immerse themselves in the Chuancais Museum, embarking on a flavorful journey of cultural discovery.

At the Sichuan Cuisine Expo Museum, students gained a systematic understanding of the development and cultural heritage of Sichuan cuisine from ancient times to the present through rich historical materials and physical exhibits, vividly experiencing its inclusive and long-standing legacy.

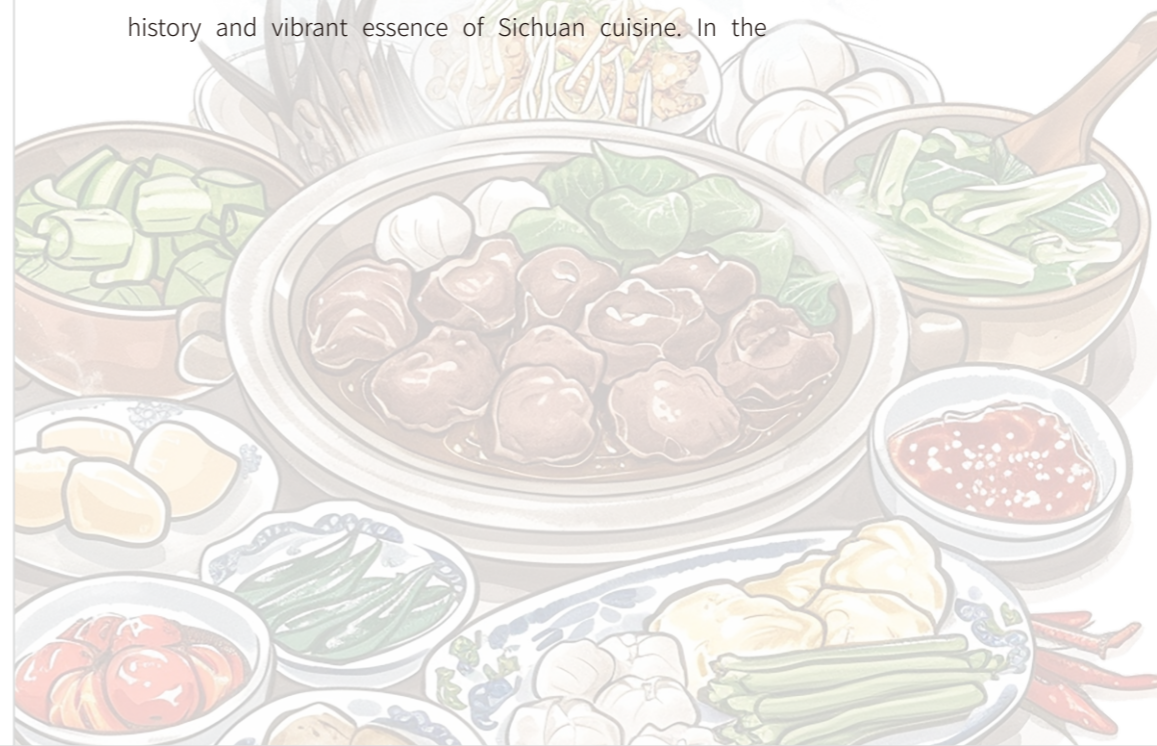

At the Pixiandouban Intangible Cultural Heritage Craftsmanship Experience Base, the students walked into the open-air drying yard to observe up close the traditional craftsmanship of Pixian Douban (fermented broad bean paste), known as the "soul of Sichuan cuisine." Through the processes of "turning, sun-drying, and airing," they appreciated the dedication to preserving this intangible cultural heritage amid the rich aroma of the paste.

The final stop of the event took the students to the Chuancais Museum. As a living museum dedicated to the culture of Chinese culinary schools, the venue combines cultural exhibitions, intangible cultural heritage performances, interactive experiences, and tasting sessions, offering participants a comprehensive immersion into the history and vibrant essence of Sichuan cuisine. In the

performance area, intangible cultural heritage inheritors demonstrated remarkable skills such as noodle-cutting blindfolded, knife-shredding with a large blade, and traditional wok-tossing, drawing waves of amazement from the students.

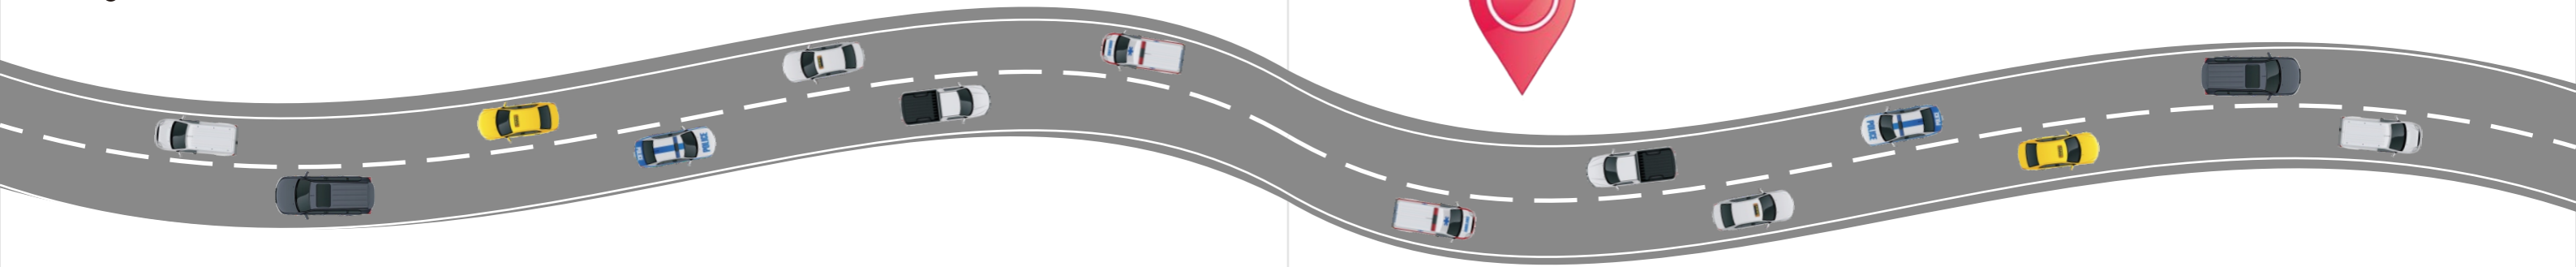

In the interactive experience area, the students put on aprons, picked up wok spatulas, and transformed into "Sichuan chefs." Under the step-by-step guidance of a master chef, they prepared the classic Sichuan dish Kung Pao Chicken, from ingredient preparation, oil-slicking, and stir-frying to seasoning. Matvey, an international student from Russia, shared, "Cooking Sichuan cuisine with my own hands helped me truly understand for the first time the unique charm of 'one dish, one style; a hundred dishes, a hundred flavors.'" The students tasted their own culinary creations while exchanging cultural insights, deepening their understanding and affection for Chinese food culture through laughter and joy.

As part of SWUFE's "Experience China" flagship series, this trip to Pidu used Sichuan cuisine as a bridge, offering international students not only a feast for the taste buds but also a bridge for cross-cultural communication. Amid the lingering flavors, the students gained a deeper appreciation of the profound heritage of traditional Chinese culture, further promoting people-to-people and cultural exchanges between China and other countries through the joy of food.

## 成都市交通管理局第四分局赴我校开展交通安全专题讲座 Vehicle Management Section, Fourth Division, Chengdu Traffic Management Bureau Delivers Traffic Safety Lecture at SWUFE

3月31日 March 31

3月31日，成都市公安局交通管理局第四分局的警官走进西南财经大学光华校区，为学校留学生举办了一场内容丰富、实用性强的交通安全专题讲座。

本次讲座围绕“道路交通安全基本知识”“典型事故案例警示”以及“交通事故现场处置与急救”三大主题展开。来自成都交警四分局的警官们结合真实案例，深入浅出地讲解了电动车以及汽车规范、行人安全注意事项、交通信号识别等内容，帮助留学生们建立起更加系统的交通安全认知。

讲座现场气氛热烈，留学生们认真聆听、积极提问。不少同学表示，通过本次讲座，不仅加深了对中国交通法规的理解，也学到了很多实用的安全知识和应急技能，对日常出行非常有帮助。

此次讲座是学校加强留学生安全教育的重要举措之一，也是警校联动、共建平安校园的生动实践。未来，国际教育学院将继续与相关部门合作，持续开展形式多样的安全教育活动，为留学生的学习和生活保驾护航。

On March 31, police officers from Vehicle Management Section, Fourth Division, Chengdu Traffic Management Bureau visited the Guanghua Campus of the Southwestern University of Finance and Economics (SWUFE) to host a comprehensive and practical traffic safety lecture for international students.

The lecture focused on three main themes: “Basic Knowledge of Road Traffic Safety,”

“Warnings from Typical Accident Cases,” and “On-Site Traffic Accident Handling and First Aid.” Officers used real-life cases to explain regulations on electric vehicles and automobiles, pedestrian safety precautions, and traffic signal identification in a clear and accessible manner, helping international students establish a more systematic understanding of traffic safety.

The lecture was met with an enthusiastic response, with students listening attentively and actively asking questions. Many students noted that the session not only deepened their understanding of Chinese traffic laws and regulations but also provided valuable practical safety

knowledge and emergency skills that would be highly useful for their daily commutes.

This lecture represents an important initiative by the university to strengthen safety education for international students and serves as a vivid example of police-university collaboration in building a safe campus. Looking ahead, the College of International Education will continue to work with relevant partners to organize a variety of safety education activities, ensuring a secure and supportive environment for international students in their studies and daily lives.

## 2025级统计与数据科学学院毕业生VU THI PHUONG THAO VU THI PHUONG THAO- Master Graduate from School of Statistics and Data Science, Class of 2025

我原本在越南主修国际经济与外贸，并以优秀毕业生的成绩获得学士学位。按理说，在申请中国留学奖学金时，我本应继续沿着经济学方向深造。

然而，在Shopee工作期间，我每天都与大量数据、报表和预测模型打交道。在那段经历中，我发现自己真正热爱的是“与数据为伴、从纷繁信息中洞察规律”的过程。

于是，我做出了一个重要而大胆的决定：

转专业——申请统计学。

也正是这个决定，为我与西南财经大学（SWUFE）结下了不解之缘。

### 意外又改变人生的录取通知

2022年7月，我收到了SWUFE的录取通知书。那是一个普通的工作日，但这封邮件却让平凡的日子骤然闪烁起不同寻常的光彩。

然而，当时因疫情，研究生课程必须以线上方式开始。

我心里安慰自己：“线上上课也可以，重要的是继续学习。”

但仅仅两周线上体验，我便清楚地意识到：

不行，我必须去到校园，亲自见到老师和同学，才能真正开始属于自己的留学生活。

于是，我决定申请保留学籍和奖学金一年，最终在2023年正式成为西财统计学院的一员。

### 60公斤行李与远行的勇气

2023年9月，我拖着60公斤行李，独自踏上前往成都的旅程。

入学报到顺利得出乎意料——学院老师早早联系我，并提供详尽的指导，让我在初到异乡时便感受到温暖与安心。

### 上课第一天：我是学院唯一的留学生

第一次走进教室，我才知道：

今年在我的专业和学院里，我是唯一的留学生。

心里免不了忐忑：

“我能融入大家吗？”

“同学们会主动交流吗？”

“语言和文化差异会成为障碍吗？”

然而答案来得很快。

我遇见了一群热心、友好、乐于助人的同学；我们一起上课、讨论、完成项目，逐渐建立起深厚的友谊。

我还拥有一位极其优秀、耐心而温暖的导师（李伊老师），在学习与生活上给予我无微不至的关怀与指导。

### 学习与成长：竞赛经历

在研究生阶段，我积极参与各类学术与实践比赛，通过挑战不断锻炼自己：

- 2024数据要素质量大赛——荣获卓越奖
- 2024中国大学生数字贸易技能大赛（丝路电商案

例）——荣获国家二等奖

这些比赛不仅让我在理论知识和实践能力上得到磨炼，也让我在团队协作、项目管理和跨文化沟通中收获了宝贵经验。通过比赛，我感受到数据背后的价值与商业洞察力，也进一步坚定了自己未来职业发展的方向。

### 来自国际教育学院的支持：温度与归属感并存

除了统计学院的师生，国际教育学院也给予我极大帮助：

- 组织丰富的文化交流活动，让留学生感受家的温暖
- 在实习与职业规划上提供指导和推荐
- 经常关心我的学习与生活情况
- 协助处理各种手续，让我安心适应中国生活

在毕业答辩前的元旦假期，我还参与了国际教育学院组织的活动，担任美国中学生访华团的志愿者。这次经历不仅让我结识更多来自世界各地的朋友，也让我的文化视野与沟通能力得以拓展。

### 成都——名副其实的“世界最幸福城市”

成都是我第一次长期生活的中国城市。

它的舒适、包容、烟火气息与节奏感，让我深刻体会到“慢而不失现代，温暖而不失活力”的魅力。

在这里，我既看到了城市的发展与活力，也感受到生活的温柔与安宁。它治愈了我，也伴随我成长。

### 毕业周：实现带家人“看世界”的梦想

研究生毕业周，我终于实现了一个长久以来的愿望：

带父母和弟弟来到成都，亲眼看看我学习、生活、成长的地方。

我们在成都度过了六天难忘时光：逛校园、吃火锅、游览景点、感受城市日常……

看着家人脸上的笑容，我心中涌起无比满足与幸福，那一刻，我明白过去两年的努力与坚持都值得。

### 如今与结语：西财，是我人生最美的缘分之一

如今，我已回到越南，并在阿里巴巴找到了心仪的工作。在跨境电商与数据分析的岗位上，我每天都运用在SWUFE学到的统计思维、分析方法与国际视野。每一次面对挑战，我都能从成都的学习与生活经历中汲取力量——那份勇气、韧性与好奇心，仍在引领我前行。

回首这段旅程：从转专业，到线上学习，再到带着60公斤行李来到成都；

从成为学院唯一的留学生，到收获真挚友谊与温暖；

从迷茫与忐忑，到成长、融入与自信。

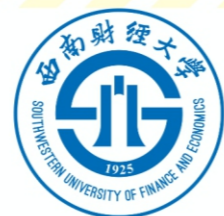

西财不仅是我求学的地方，它是让我成为更好自己的地方。

未来无论走得多远，成都、SWUFE、老师和同学，都是我人生中最温暖、最珍贵的章节。

编者的话:

From the Editors:

感谢各位校友的陪伴。  
We would like to thank you for your companionship.

我们衷心期望《西南财经大学留学生校友通讯》能为留学生校友们送去成都和母校的动态，让大家深入了解中国，分享成都和母校的发展印记和成功喜悦。同时，我们也期待校友与母校之间、广大校友之间能由此拥有更频繁的互动和联系，期待校友们为母校的不断前进贡献力量，为校友彼此的个人成就相互喝彩!

We sincerely hope that the "SWUFE International Alumni Newsletter" would send the ongoing events of Chengdu and SWUFE to our international alumni, so that everyone might have the chance to understand China in depth and share the development milestones and joy of success of Chengdu and SWUFE. Furthermore, we also look forward to more frequent interactions and connections between alumni and SWUFE, as well as among alumni yourselves. We expect our alumni to contribute to the advancement of SWUFE, and to assist and applaud each other for your personal achievements!

在您的阅读过程中，如果有对本刊的内容选择、编辑设计等诸多方面有意见或建议，请不吝指正，以便我们在将来为留学生校友提供更多的服务!同时，我们也欢迎各位校友踊跃投稿，与我们分享你的故事，或提供发展机会、职业信息、经验分享等。让我们协力打造更好的校友期刊!

If you have any opinions or suggestions on the content, editing, designing and other aspects of the journal, please do not hesitate to contact us. Please understand that your every help will enable us to better serve the international alumni. At the same time, we welcome all of you to share your experience and stories with us and provide useful information including academic or career opportunities to the alumni. Let's work together to make a better alumni journal!
